# Anthony Vincent DiGrigoli

## EDUCATION

**Loyola University Maryland** – *Bachelor's Computer Science  
Minor In Business*

August 2019 – September 2022

**GPA:** 3.6

**Awards:** Presidential Scholarship, Member of Upsilon Pi Epsilon,  
Dean's List 2020-2022

**Relevant Courses:** Object-Oriented Software Design,  
Software Engineering, Discrete Structures, Algorithm  
Analysis, Computer Systems, Database Management Systems,  
Virtual Reality, Computer Engineering, Data Structures,  
Object-Oriented Data Structure, Web Programming

## EXPERIENCE

Freelance Web Development – Full Stack Development  
June 2022 – September 2022

Took on a project as the sole developer for a startup company  
which held virtual Q&A's for movie titles. The company was run  
100% virtually making the project detrimental to the workflow of  
the company. The software was then licensed out upon completion.  
The project was written in HTML, CSS, JavaScript, and Java.

Gordon Property Group – Building Maintenance  
June 2018 – October 2022

Worked as a building maintenance engineer performing  
tasks pertaining to Air Conditioning, Electrical, Mechanical,  
and other issues that would arise within the building. Also  
performed tasks pertaining to painting, patching, demolishing,  
and rebuilding office spaces.

## ABOUT ME

2022 graduate that offers a strong background in program design, architecture, development, and hands on skills. Driven by success to be a motivated designer, entrepreneur, and developer. Recognized to have strong problem-solving skills, innovative approaches to challenges, and learn new materials in a quick manner. Was sought out by multiple companies to participate in several projects including web development. Equally motivated in both a team and self-directed environment. Proficient in various different computer systems, languages, tools, and methodologies not to mention a grasp on mechanical components as well.
